This directory is the tenth edition published by the American Institute of Physics listing colleges and universities which offer degree programs in physics, astronomy and astrophysics, and the staff members who teach the courses. Institutions in the United States, Canada, and Mexico are indexed separately, both geographically and alphabetically. Also included is an alphabetical index of personnel. The document is available for sale by Department DAPD, the American Institute of Physics, 335 East 45 Street, New York, New York 10017, price $5.00. (GR)

DIRECTORY OF PHYSICS AND ASTRONOMY FACULTIES

INTRODUCTION

This directory is the tenth edition published by the American Institute of Physics of a directory of colleges and universities which offer physics courses and the staff members who teach these courses. It is the second year in which departments which offer degree programs in astronomy and astrophysics are included.

We acknowledge with thanks the catalytic action of the American Association of Physics Teachers which inspired the first booklet in 1959 and its successors.

As in the past, the initial distribution is being made to the department chairmen. The directory was compiled within the AIP under the supervision of Mrs. Sylvia Barisch.

TABLE OF CONTENTS

Part I - Personnel - Institutions in the United States arranged geographically.

Part II - Personnel - Institutions in Canada arranged geographically.

Part III - Personnel - Institutions in Mexico arranged geographically.

Part IV - Alphabetical Index of colleges and universities in the United States.

Part V - Alphabetical Index of colleges and universities in Canada.

Part VI - Alphabetical Index of colleges and universities in Mexico.

Part VII - Alphabetical Index of personnel.

DIRECTORY OF PHYSICS AND ASTRONOMY FACULTIES

PART I - Personnel - Institutions Arranged Geographically

(PM)	indicates that the institution offers a major in physics or astronomy to the baccalaureate level.
*	indicates that the institution offers a major in physics or astronomy to the master's level.
**	indicates that the institution offers a major in physics or astronomy to the doctoral level.
(CP)	indicates that the institution offers combination degree programs which include physics, or physics minor.
(IP)	indicates a 4-year degree granting institution which offers introductory physics courses.
(2)	indicates a two-year college (junior or extension, etc.)
(T)	indicates a technical institution.
(Chm.)	indicates department chairman or head.
(P)	indicates part-time in physics or astronomy teaching.
#	indicates that last year's staff is given since no reply has been received this year.
T:	area code and telephone number.
